**Level above which ground is expected to be frozen/snow is expected to settle.*

Met Office Aberdeen Meteorologist's View
Still rather cold at height.

Forecast for Monday 28 Sep 2020
Weather: Some morning brightness in the east. Rain will reach the west coast by mid-morning, then all areas will see some rain at times until late afternoon. It won't be raining all the time, with Caithness and ranges across Easter Ross seeing some reasonable spells of dry weather, and perhaps even some sunshine. Becoming largely dry from late afternoon, perhaps a shower along the west coast.

Maximum wind: Southwest 25 mph

Chance of cloud free mountain/hill tops above 800m: Skye and ranges across the south likely to see a lot of low cloud between 400 and 600 metres. Further north low cloud will be patchy in nature, and little in the way of cloud likely across Caithness and Easter Ross. A more general clearance of the low cloud expected from the west by late afternoon.

Visibility: Occasionally rather hazy in rain

Temperature: **Glens:** Plus 4 rising to 16 Celsius
At 800m: Plus 7 Celsius
Freezing level: Above summits
